## About the Farm

Woodstock Farm is located in the stunning ranges of Tamborine in the Southeast of Queensland. Currently noted as one of the most picturesque locations in Queensland and home to Woodstock Farm, The Gardens, The Marquee, and View Amphitheatre as well as a working Farm. The 302 acre property is gently undulating and slopes from higher country at the western boundary to the Albert River in the south, east and north. The Albert River forms the boundary of the property on 3 sides. The Farm is owned by the *Youth Enterprise Trust* and is designed to support the future of our youth with the *In Tent for Change* Program.

*Youth Enterprise Trust*, through Woodstock Farm, have amazing educational and entrepreneurial opportunities, function/events facility, nature-based tourism, accommodation precinct, educational establishment, adventure park, animal rehabilitation & agriculture, with the potential to re-engage young people by raising self-esteem, self-reliance, and work motivation whilst deepening their appreciation of the natural environment.

As a Not-for-profit Organisation, we do all we can to give back to the youth within our local community. Our event space is operated as a Social Enterprise with all revenue directly supporting our *In-tent for Change* intervention program for disadvantaged youth.

Each fundraising package will support disadvantaged young people participating in our *In-Tent for Change* innovative program and will assist in changing their lives for the better!
